EVERYDAY 2025

EVERYDAY

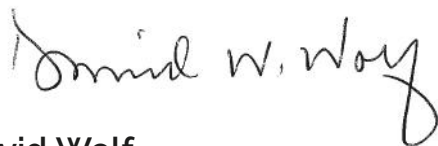

2025

Betallic is thrilled to reveal our Everyday 2025 Catalog, featuring innovative new balloon designs for every occasion! Our latest collection offers a fresh, modern take on celebrations and sentiments, incorporating the latest trends.

In this catalog, you will find our newest offerings, including the palm frond foils in five colors that will make for a great tropical celebration. In our birthday collection, you will find popular boy and girl designs, including Dinosaur, Disco Pink Cowgirl, and more. We believe these balloons will stand out to your customers in the coming year.

We've expanded our latex collection with two stunning additions to the Silk texture line: Silk Oyster White and Silk Gold Dust. These join our recently introduced greens: Pastel Dusk Green Tea and Reflex Aurora Green as part of our ongoing commitment to innovation, offering an even greater range of colors and sizes for all your balloon decor needs.

With over 40 years in the business, Betallic is dedicated to producing the highest-quality designs in the industry. We're grateful to our customers for trusting us with their important celebrations, and we're committed to providing you with the best latex and foil balloons for all your needs.

Betallic encourages our customers to use and promote the following smart balloon practices.

Keep helium-filled balloons secured to a weight. Helium-filled balloons should be tied securely to a weight to keep it from releasing into the air.

Never release foil balloons into the air. When your party or celebration has concluded, pop the balloons and dispose of them properly. Although extremely rare, an escaped foil balloon could cause problems if entangled in power lines. Foil balloons can also become litter if not disposed of properly.

Keep deflated or popped latex balloons away from small children to avoid risks of choking. Children under 8 years can choke or suffocate on uninflated or broken balloons; adults should always supervise young children with balloons.

More information regarding smart balloon practices and other important topics can be found at betallic.com & coalitionforresponsiblecelebration.org

MAKE A **positive** IMPACT

At Betallic, we are dedicated to constant innovation. Whether it be original designs, captivating shapes, or new trends and colors, our goal is to lead the balloon industry into the future.

With that in mind, Betallic's 28" and 18" MAX Float and holographic foil balloons are now made with 40% recycled materials.

This represents a giant leap forward for our company, customers, and industry.

Betallic is thrilled to significantly reduce the environmental impact of our balloons without sacrificing quality or float time. We invite you to join us as we make a positive impact on our industry to create a more sustainable future.

Sempertex[®] 

featuring
Sempertex
balloons

We are excited to present our 2025 catalog, filled with vibrant updates and innovative new products that will take your balloon creations to new heights. At Betalllic, we are committed to bringing you the best in latex balloons, with over 80 color options now available, offering an incredible variety for every event.

For over 25 years, Betalllic has proudly distributed Sempertex balloons, maintaining our commitment to delivering the highest-quality latex balloons. Our products are crafted from 100% pure, natural latex, free from fillers, extenders, and plasticizers, ensuring a superior, eco-friendly balloon experience.

This past year, Sempertex introduced **Silk** — a groundbreaking new texture in the balloon industry. The **Silk** texture combines the softness of our Reflex balloons with the pearlescence of our Pearl balloons, creating a luxurious, refined finish that adds elegance to any celebration.

We are excited to unveil four **NEW colors** for 2025: Silk Oyster White, Silk Gold Dust, Pastel Dusk Green Tea, and Reflex Aurora Green. Available in popular sizes such as 5", 11", 18", 24", and 260S, these stunning shades are sure to add a unique touch to your celebrations.

In addition, we are proud to introduce **DUR**, a revolutionary new product line made from recycled Sempertex balloons. This initiative exemplifies our dedication to reducing waste and our ongoing efforts to minimize our environmental impact by using balloons that did not meet quality standards, giving them a second life.

We are also working diligently to reduce our carbon footprint, and as part of these efforts, we've made our packaging slightly smaller. These changes help us conserve resources and reduce waste, ensuring that our products contribute to a cleaner, greener planet.

Our latex balloons continue to perfectly complement our foil balloons, ensuring the perfect pairing for your creations. Be sure to explore our **Everyday Catalog** at [Betallic.com](https://www.betallic.com), where you can find the latest trends in foil balloons.

**Let's make 2025 a year filled
with boundless creativity, and
unforgettable moments!**

Continued Education Where will we see you next?

In 2024, Betallic proudly supported balloon artists across the nation by sponsoring 7 industry conventions and hosting hands-on classes at our full-line distributors.

From inspiring convention workshops to intimate in-person distributor classes, we shared innovative techniques, showcased our products, and strengthened connections within the balloon community.

This year, we reached hundreds of artists, empowering them to elevate their craft and grow their business. The creativity and collaboration we experienced have us more excited than ever for what's ahead.
